

Introduction

Our firm, Insight Advisors, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to retail investors for an ongoing asset-based fee. Our advisory services for retail investors include Comprehensive Portfolio Management, Investment Management, and Financial Planning/ Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio. Financial planning/ consulting is included in our Comprehensive Portfolio Management service and is also available as a separate service for a flat, hourly, or recurring fee.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or only buy and sell investments in your account after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments and our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

What fees will I pay?

You will be charged an ongoing monthly fee based on the value of the investments in your account. Our maximum annual fee is 1.50% for Comprehensive Portfolio Management and 0.70% for Investment Management. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our maximum flat fee for Financial Planning & Consulting is \$5,000, the maximum recurring fee is \$575 per month, and the maximum hourly rate is \$250. We charge an upfront retainer when you sign an agreement for this service and charge the balance to you when we provide a financial plan or consultation. Recurring fees are due monthly in advance.

The broker-dealer that holds your assets charges you a transaction fee when we buy or sell certain investment products for you. The broker-dealer's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management & Investment Management services. You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time.

In certain cases, we may refer you to third party money managers, sub-advisers, and/or separate account managers who will assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV and/or agreement. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

Representatives of our firm are registered representatives of Purshe Kaplan Sterling Investments, Inc. (PKS) member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client.

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client.

TD Ameritrade and Charles Schwab make certain research and brokerage services available at no additional cost to our firm. Without this arrangement, our firm might be compelled to purchase similar services at our own expense. As a result of receiving these services, we have an incentive to continue to recommend our clients' use of both platforms.

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs. In addition, they are compensated via commissions for their insurance and brokerage product sales as described in the preceding section.

Do you or your financial professionals have legal or disciplinary history?

Yes, our financial professionals have legal and disciplinary history. Visit [Investor.gov/CRS](https://www.investor.gov/crs) for a free and simple search tool to research our firm and our financial professionals.
